

Domestic
Water Purifier
For Hardwater
and Soft water

ECO CRYSTAL WATER PURIFIER SCALE FREE STAINLESS STEEL STORAGE TANK

Latest technology magnetized water purifiers

Benefits of Magnetizer

Health Benefits

Water is passed through a specially designed patented device containing magnets where in the physical properties and crystal structure of water are changed and such magnetically treated water is well absorbed in the body and hydrates better.

Energy Saving In Cooking

Scale free UV tube

Normal water forms scale on the quartz tube which block UV rays to reach the bacteria and kill them.

But in case of magnetically treated water there will be no scale formation and UV rays can penetrate and kill the bacteria

Water Boils Faster

Water boils faster in the case of magnetic water due to changes in the physical properties of water.

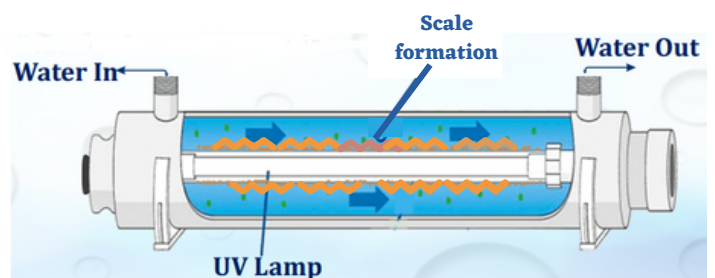

Better Washing of Utensils

Better Taste of Coffee

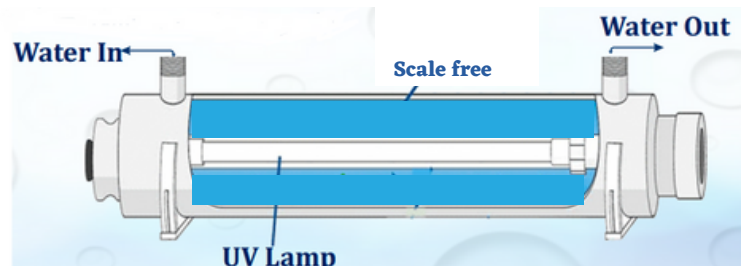

By Coffee lab

Scale on quartz tube blocks UV rays

Scale free quartz tube

RO WATER PURIFIER FOR HARD WATER

1. RO Champion - A

Specifications :

Product dimensions : L x W x H :410 x 320 x 450 mm

Weight : 12.65 kg

Wall mounted / Table top installation

Features :

- Aluminium body with powder coating
- 10 litres stainless steel tank
- Crystal processor (magnetizer)
- Self priming pump
- Electrical wiring covered with rubber casing outside the aluminium body.
- Pre filter
- 6 stage

Benefits :

- Fire resistant & better heat dissipation of pump
- No back wash needed for stainless steel tank
- Better hydration for the body and longer life of RO membrane
- System can perform even in low water pressure
- Electric shock proof
- Pre filter removes dirt and turbidity, longer life of cartridges & solenoid valve

2. RO Champion A-J

Specifications :

Product dimensions : L x W x H : 345 x 270 x 385 mm

Weight : 7.65 kg

Wall mounted / Table top installation

Features :

- Aluminium body with powder coating
- 6 litres stainless steel tank
- Crystal processor (magnetizer)
- Self priming pump
- Electrical wiring covered with rubber casing outside the aluminium body.
- Pre filter
- 6 stage

Benefits :

- Fire resistant & better heat dissipation of pump
- No back wash needed for stainless steel tank
- Better hydration for the body and longer life of RO membrane
- System can perform even in low water pressure
- Electric shock proof
- Pre filter removes dirt and turbidity, longer life of cartridges & solenoid valve
- Economic model

RO WATER PURIFIER FOR HARD WATER

3. Soft N Pure Multi Faucet

Specifications :

Product dimensions :L x W x H:410 x 320 x 450 mm

Weight : 14.10 kg

Wall mounted / Table top installation

Features :

- Aluminium body with powder coating
- 10 litres stainless steel tank
- Crystal processor (magnetizer)
- Self priming pump
- Electrical wiring covered with rubber casing outside the aluminium body.
- Pre filter
- 8 stage
- Dual faucet : 1. UV treated pure water for cooking
2. Pure RO water for drinking

Benefits :

- Fire resistant & better heat dissipation of pump
- No back wash needed for stainless steel tank
- Better hydration for the body and longer life of RO membrane
- System can perform even in low water pressure
- Electric shock proof
- Pre filter removes dirt and turbidity ,longer life of cartridges & solenoid valve
- Choice of UV treated water & RO water.
- Prevents water wastage with option of (Non -RO) UV treated water for cooking and washing utensils.

4. RO 35 LPH DF

Specifications :

Dimension : L x W x H : 385 x 250 x 500 mm

Weight : 16.20 kg

Wall mounted / Table Top /Under sink

Features :

- Self service model
- Direct flow without a storage tank
- Crystal processor (magnetizer)
- Self priming pump
- 5 stage filtration
- Pressure gauge

Benefits :

- Saves money, ease of service
- Direct flow, no need of storage tank
- Better hydration for the body and longer life of RO membrane
- System can perform even in low water pressure
- Water pressure indicator
- For drinking and ice purpose for refrigerator

5.RO Simple-J

Specifications :

Dimension : L x W x H : 370 x 235 x 710 mm

Weight : 8.10 kg

Wall mounted

Features :

- Self service model
- 4 litres stainless steel tank
- Crystal processor (magnetizer)
- Self priming pump
- 5 stage filtration

Benefits :

- Saves money, ease of service
- No back wash needed for stainless steel tank
- Better hydration for the body and longer life of RO membrane

UV TREATED WATER FOR SOFT WATER

1. Crystal Power

Features :

- Crystal processor (magnetizer)
- UV treatment
- 5 Stage filtration

Benefits :

- Compact design
- Better hydration for the body
- Scale free UV quartz tube
- Bacteria free water

Specifications :

Dimension : L x W x H : 170 x 155 x 430 mm

Weight : 2.90 kg

Wall mounted

2. Aqua Archimedes

Features :

- Self service model
- Direct flow without a storage tank
- Crystal processor (magnetizer)
- 4 stage filtration
- UV treatment

Benefits :

- Saves money, ease of service
- Better hydration for the body
- Scale free UV quartz tube
- Bacteria free water

Specifications :

Dimension : L x W x H : 330 x 175 x 435 mm

Weight : 5.6 kg

Wall mounted /Under sink

3. Fresh N Pure -T

Features :

- Aluminium body with powder coating
- 6 litres stainless steel tank
- Crystal processor (magnetizer)
- Electrical wiring covered with rubber casing outside the aluminium body.
- Pre filter
- UV after tank
- 6 stage

Benefits :

- Fire resistant
- No back wash needed for stainless steel tank
- Better hydration for the body and scale free UV quartz tube
- Electric shock proof
- With UV treatment after tank, output water will always be bacteria free

Specifications :

Product Dimensions : L x W x H : 410 x 320 x 450 mm

Weight : 7.65 kg

Wall mounted
